CAREER OBJECTIVE	Aspiring and highly motivated Digital Artist, Graphic Designer, and Web Developer with a strong foundation in Information Technology and a passion for creating visually engaging graphics pleasing front-end designs. Possessing a blend of technical skills in web design and development, graphic design expertise, and a commitment to continuous learning. Seeking to leverage academic knowledge and freelance experience to contribute to innovative projects and grow professionally.
FRONT-END DEVELOPMENT SKILLS	- Proficient in HTML and CSS, with hands-on experience since Junior High School. - Developed and launched multiple website projects, collaborating effectively across various academic subjects. - Obtained certification in HTML and CSS, demonstrating foundational expertise.
GRAPHIC DESIGN SKILLS	- Displayed multiple graphic posters in collaboration with different subjects: advocacy demographics, posters, flyers, etc. - Commissioned two distinct logos for two E-sports organization clients, showcasing creativity and a client-focused design approach. - Designed the "Sayaw Hataw" Event Graphic Poster for San Beda Alabang. - Completed multiple graphic design project commissions for various local clients.
ORGANIZATIONAL/ MANAGEMENT SKILLS	- Coordinated and currently managing Capstone Thesis group - Participated in three career-oriented seminars to enhance professional development.

EXPERIENCE	**Designer (Creatives Department)** - (October 2025 – November 2025)
	Freelance Graphic-Designer - (January 2020 – December 2023)
	Literary Publication Club Member - (2019 – 2020)

- Collaborated with fellow members, writing different articles for the school paper. Collaborated with the Editor in chief, writing news in regards the school's competition and events.
